Step by Step Online Fine Payment

Online fine payment allows you to pay your library fees or fines online with a credit card or PayPal account any time that you want from any location with internet access. Here are step by step instructions on how to pay your fines online.

1. Login to your library account through CountyCat: http://countycat.mcfls.org/patroninfo. Once you have entered your account, click on the link that shows the amount of fines or fees currently on your record:

2. A section will appear below detailing all outstanding fines. Click on the “Pay Online” link to continue:

3. In the window that appears, you can view fine details and choose which fines to pay.
4. After you click the **Continue** button, you will be asked to enter payment information. Click **Pay Now** to complete the transaction using a credit card. You may also pay off your fines using the “Pay with Paypal” link.

5. If your transaction is successful, you fines will be removed from your record immediately. You will then be presented a page to print out as a receipt; a similar receipt is also sent by email if you fill out an email address in the form.

Please keep in mind:

- No financial information (such as credit card numbers) is kept on the CountyCat server. Please review our privacy policy here at [http://countycat.mcfls.org/screens/privacy.html](http://countycat.mcfls.org/screens/privacy.html) for more information.

- Refunds for any lost items paid online will be issued by the owning library. Please have your receipt along with the item you are returning if you need a refund.

- The library system can currently accept MasterCard, Visa and Discover cards. You can also use PayPal.

- If you are certain that all information entered is correct and you are still getting error messages, contact the financial institution that issued your card and verify all information is correct. In most cases, there should be a ‘1-800’ number on your card for customer service.
